

MAGNITUDE THAUMASTOS PVT. LTD.

YOUR GLOBAL BRIDGE

Since 2025

About the Company

Magnitude Thaumastos Private Limited is an India-based private limited company incorporated under the Companies Act, 2013, operating as a Merchant Exporter in the international trade of agricultural and food commodities.

The company is engaged in sourcing quality products from compliant manufacturers and suppliers across India and supplying them to global markets through a structured, compliance-driven export process. Emphasis is placed on regulatory adherence, transparent documentation, and reliable coordination across the export supply chain.

Magnitude Thaumastos Private Limited is registered with relevant statutory authorities and functions with a professional, process-oriented approach to international trade, aiming to build long-term relationships with overseas buyers based on trust, consistency, and accountability.

Corporate Overview

Vision

To establish Magnitude Thaumastos Private Limited as a reliable and responsible merchant exporter by consistently delivering quality-assured products through compliant and transparent trade practices.

Mission

- To conduct export operations in full compliance with applicable laws, regulations, and international trade norms
- To source products from approved and compliant manufacturers and suppliers
- To ensure accuracy, transparency, and accountability in documentation and logistics coordination
- To build sustainable trade relationships based on reliability, professionalism, and trust

Compliance & Trade Ethics

Magnitude Thaumastos Private Limited operates as a registered Merchant Exporter, adhering to statutory requirements prescribed by Indian regulatory authorities. The company emphasizes ethical sourcing, regulatory compliance, and due diligence at every stage of the export process to ensure consistency and reliability for international partners.

Why Choose Magnitude Thaumastos Pvt. Ltd.

-Regulatory Compliance

- Registered with APEDA and licensed under FSSAI (Central), ensuring adherence to applicable export and food safety regulations.

-Quality-Focused Sourcing

- Products are sourced from verified and compliant manufacturers and suppliers, ensuring consistency and quality assurance.

-Transparent Documentation

- Emphasis on accuracy and transparency in export documentation, certifications, and trade procedures.

-Process-Driven Operations

- Structured coordination across sourcing, documentation, and logistics to ensure smooth execution of export consignments.

-Buyer-Centric Approach

- Focus on long-term relationships built on reliability, responsiveness, and professional conduct.
